Computers/Printing

6th-7th: need access to a computer and printer at home; occasional computer use at school may be needed.

8th-12th: need access to a printer at home; must have a working laptop (Chromebook, Windows, or Mac) or tablet (Windows, iOS, or Chrome) with keyboard available to bring to school whenever needed.

Students should print assignments at home. Upper School students may request their teacher to print an assignment for them at school on a limited basis. Students are not allowed to print anything at school that is not directly related to their class work.
